

Slavery & Human Trafficking Statement

Clarity Appointments Ltd is committed to ensuring prevention of violations under the Slavery & Human Trafficking Act.

We are a temporary employment business and permanent employment agency working in the clerical sector with no seasonal work. We operate as a small business with a flat structure and the Managing Director ensures that all staff are aware of the risks of modern slavery.

As a service industry we have a simple supply chain, where possible using independent local businesses which mirror our own high ethical standards.

Our candidate registration process is rigorous, ensuring that we meet candidates that we are working with and check all relevant documentation to ensure the right, ability and desire to work in the UK.
